Fall prevention in the agricultural sector

Public comment invited before 23 July 2010

The Commission for Occupational Safety and Health is seeking your comments on its draft guidance note: Fall prevention in the agricultural sector. This draft [guidance note](#) outlines ways to prevent falls from height in the agricultural sector. It addresses silos, vats, field bins and windmills, as well as loading and unloading from trucks. The public comment period is an open invitation to anyone to submit comment on any aspect of the document. You do not need to be a member of any particular association or organisation to submit a comment. Comments from the public are important. Past experience has shown constructive comments can have an important influence on the final document.

Further information: Comments can be submitted at worksafersvp@commerce.wa.gov.au

NACC Incentives

Wind Erosion

Do you want to plant perennial pastures (perennial grasses with or without tagasaste), oil mallees, fodder shrubs (saltbush), or strategic revegetation (primarily as wind breaks)? If so, please fill out the **EOI form** and return it to MIG.

As always NACC has limited funding so it is on a first in first served basis. Please note that there are criteria that need to be met.

Further information: Sarah Knight (08) 9928 1646 or Tegan Winterbottom (08) 9928 1658

***MIG Contact Database Update**

We are in the process of updating MIG's contact database. If you have changed phone numbers, fax numbers, postal addresses or email recently, please let us know so we can keep your details current. If employees have moved on and new people have started in your organisation, the same applies.
